

STATEMENT OF ACCOUNTS FOR THE YEAR ENDING 31 MARCH 2017

Kettlewell House Austin Fields Industrial Estate Kings Lynn Norfolk PE30 1PH

NOTE ACCOUNTING POLICIES

1 FINANCIAL REPORTING STANDARDS, REGULATION AND GUIDANCE

- (i) The Board has not elected to prepare a full Statement of Accounts required by larger public bodies (Category 1 Authorities), as provided for in the Local Audit and Accountability Act 2014.
- (ii) The Board has completed this Statement of Accounts in accordance with the Financial Reporting Standard for Smaller Entities 2008 (FRSSE) issued by the Accounting Standards Board (other than in respect of the note required for the defined benefit pension scheme) and has prepared an Annual Return which all Category 2 Authorities are required to do, in accordance with Regulation 11 of the Accounts and Audit Regulations 2015 based on these Accounts. The Board is a Category 2 Authority.
- (iii) The Annual Return has been prepared in accordance with proper practices that are set out in Sections 1 to 4 of the Guidance published by the Association of Drainage Authorities on 30 March 2017. This Statement of Accounts therefore includes the Accounting Statement reported in Section 2 of the Annual Return, which has been reconciled to the Income and Expenditure Account and Balance Sheet stated herein.

2 ACCOUNTING CONCEPTS

These accounts have been prepared in accordance with the following accounting concepts:

Going Concern Prudence Accruals

3 FIXED ASSETS

- (i) Fixed Assets are recognised as expenditure on the acquisition, creation or enhancement of fixed assets. Most assets with estimated useful economic lives in excess of one year and a value of £5,000 or above are capitalised on an accruals basis in the Accounts.
- (ii) All fixed Assets are valued on the following basis:

Land and buildings are included in the balance sheet at lower of net current replacement cost and net realisable value, net of accumulated depreciation. Net current replacement cost is assessed as:

Non-specialised operational properties - existing use value

Specialised operational properties - depreciated replacement cost

Vehicles, plant and equipment are included at cost less depreciation

For the purposes of Box 9 in Section 2 of the audited Annual Return, Fixed Assets are recorded at Net Book Value.

- (iii) Disposals are written off at cost less depreciation. Any surplus/deficit arising is charged/credited to Exceptional Items in the Income and Expenditure Account.
- (iv) Depreciation has been provided for using the straight line method.
- (v) The useful lives of the various assets held on the Fixed Asset Register are as follows:

NOTE ACCOUNTING POLICIES

Motor Vehicles and Equipment: 3 years Excavators and Tractors: 5 years Specialist Plant and Equipment: <= 10 years Fixed Pumping Plant: 20 years Land: not depreciated Pumping Stations: 10 years Buildings: 50 years

4 STOCKS AND WORK IN PROGRESS

Stocks and work in progress are valued at the lower of cost or net realisable value.

5 GOVERNMENT GRANTS AND SUBSIDIES

Government grants and contributions have been credited to the Income and Expenditure Account on an accruals basis.

6 PENSIONS

- (i) The Board participates in the Local Government Pension Scheme, a defined benefit scheme operated by Norfolk County Council. The Board has paid a contribution of 21% on employees pensionable pay into the pension fund for 2016/17.
- (ii) The expected cost of providing pensions, as calculated periodically by professionally qualified actuaries, is charged to the Income and Expenditure Account in order to spread the cost over the service lives of employees in the scheme. Further costs arise in respect of certain pensions paid to retired employees on an unfunded basis.
- (iii) The Board's pension liability has been calculated by the fund actuary as set out in the accompanying report entitled: 'Actuarial Valuation as at 31 March 2017 for FRS17 Purposes'.

7 TAXATION

Drainage Boards are exempt from Income, Corporation and Capital Gains Taxes. Value Added Tax is included in the Income and Expenditure Account only to the extent that it is irrecoverable.

8 EXCEPTIONAL ITEMS, EXTRAORDINARY ITEMS AND PRIOR YEAR ADJUSTMENTS

- (i) There are no material exceptional or extraordinary items to disclose in the Accounts.
- (ii) Profits or losses on the disposal of fixed assets are shown separately on the face of the Income and Expenditure Account prior to the Operating Net Surplus/(Deficit).

9 INCOME RECOGNITION

Income is recognised at the time of invoicing. In the case of Drainage Rates this is on the 1st April annually.

10 FINANCE LEASES

There are no longer any Finance Leases held on any items of plant/equipment.

NOTE ACCOUNTING POLICIES

11 RESERVES

The Board holds Reserves as itemised below. The adequacy of these Reserves is reviewed by the Board annually. The purpose of these Reserves can be noted in the Board's Capital Financing and Reserves Policy:

https://www.wlma.org.uk/uploads/BIDB_Capital_Financing_and_Reserves_Policy.pdf

This policy is reviewed by the Board triennially.

- (i) General Reserve
- (ii) Development Reserve
- (iii) Plant Reserve
- (iv) Capital Works Reserve
- (v) Revaluation Reserve
- (vi) Pension Reserve

21 The Reserves are managed in accordance with the Capital Financing and Reserves Policy, as approved by the Board on 27 January 2014. This policy is available for viewing on the Board's website.

22 Movements on the General Reserve are made up as follows:

	2015/16	2016/17
Opening Balance, as at 1-4-2016 b/fwd	860,754	1,003,625
Net Surplus/(Deficit) for the year	209,603	89,953
Net transfer (to)/from Development Reserve	7,368	0
Net transfer (to)/from Capital Works Reserve	-74,100	0
Revaluation Reserve adjustment	0	10,112
Closing Balance, as at 31-3-2017 c/fwd	1,003,625	1,103,690

23 The purpose of the Development Reserve is to reduce the impact on drainage rates from development that takes place in the area. The Board charges developers a standard rate per impermeable hectare for agricultural land which is developed and becomes a hard standing area, such as housing, roadways etc. The money is credited to this Reserve (earmarked to the sub catchment) and then used to reduce the gross cost of capital work needed to cater for the additional flows arising from such development. The income for this Reserve therefore comes exclusively from developers and is used to help fund improvement works that are necessary because of development. The Development Reserve is curently made up as follows:

		Tfr from	Tfr to	
	2015/16	Gen. Reserve	Gen. Reserve	2016/17
Muckfleet and South Flegg (Former Sub District)	96,293	0	0	96,293
Middle Bure (Former Sub District)	4,458	0	0	4,458
	100,751	0	0	100,751

24 The Capital Works Reserve largely represents the committed cost of capital schemes that the Board has approved where suppliers have not actually invoiced for work, either due to slippage in the programme or other issues with the contract. The advantage to the Board of committing scheme costs at the time contracts are awarded is that grant aid can be claimed in advance of incurring the expenditure, and, the year end balance of the General Reserve does not fluctuate significantly. The Capital Works Reserve is currently made up as follows:

		Tfr from	Tfr to	
	2015/16	Gen. Reserve	Gen. Reserve	2016/17
SCH27: Ludham Bridge Pumping Station Refurbishment	5,100	0	0	5,100

- 26(i) The Board provides its employees with access to the Local Government Pension Scheme but does not need to Account for this as a defined benefit pension scheme to comply with the limited assurance audit regime. However the Board has chosen to do so because it does have a pension liability, which has been calculated by the LGPS Fund Actuary as at 31 March 2017.
- 26(ii) The Board is a member of the Water Management Alliance Consortium and as such also has a proportion of the pension liability for the shared staff that are employed by King's Lynn IDB, t/a the Water Management Alliance. The Fund Actuary for Norfolk County Council has prepared a separate Report for the Water Management Alliance, which identifies a notional net pension liability of £1,827,000 as at 31 March 2017 that is shared by all 5 Member Boards. The Board's share of this pension liability is set out every year in the WMAs Basis of Apportionment, which was approved by the Board on 1 February 2016.

<u>11 MAY 2017</u>

Local Councils, Internal Drainage Boards and other Smaller Authorities in England Annual return for the year ended 31 March 2017

Every smaller authority in England with an annual turnover of £6.5 million or less must complete an annual return at the end of each financial year in accordance with proper practices summarising its activities. In this annual return the term 'smaller authority'* includes a Parish Meeting, a Parish Council, a Town Council and an Internal Drainage Board.

The annual return on pages 2 to 4 is made up of three sections:

- Sections 1 and 2 are completed by the smaller authority. Smaller authorities must approve Section 1 before Section 2.
- Section 3 is completed by the external auditor.

In addition, the internal audit report is completed by the smaller authority's internal audit provider.

Each smaller authority must approve Section 1 and Section 2 in order and in accordance with the requirements of the Accounts and Audit Regulations 2015.

Completing your annual return

Guidance notes, including a completion checklist, are provided on page 6 and at relevant points in the annual return.

Complete all highlighted sections. Do not leave any highlighted box blank. Incomplete or incorrect returns require additional external auditor work and may incur additional costs.

Send the annual return, together with the bank reconciliation as at 31 March 2017, an explanation of any significant year on year variances in the accounting statements, **your notification of the commencement date of the period for the exercise of public rights** and any additional information requested, to your external auditor by the due date.

Your external auditor will ask for any additional documents needed for their work. Unless requested, do not send any original financial records to the external auditor.

Once the external auditor has completed their work, certified annual returns will be returned to the smaller authority for publication and public display of Sections 1, 2 and 3. You must publish and display the annual return, including the external auditor's report, by 30 September 2017.

It should not be necessary for you to contact the external auditor for guidance.

More guidance on completing this annual return is available in the Practitioners' Guide that can be downloaded from www.nalc.gov.uk or from www.slcc.co.uk or from www.ada.org.uk

*for a complete list of bodies that may be smaller authorities refer to schedule 2 to Local Audit and Accountability Act 2014

our responsibility for ensuring that there is a sound system of internal control, including the preparation of the accounting statements. We confirm, to the best of our knowledge and belief, with respect to the accounting statements for the year ended 31 March 2017, that:

	STATISTICS AND A STATISTIC	A	greed	'Yes'
		Yes	No*	means that this smaller authority
1.	We have put in place arrangements for effective financial management during the year, and for the preparation of the accounting statements.	1		prepared its accounting statements in accordance with the Accounts and Audit Regulations.
2.	We maintained an adequate system of internal control, including measures designed to prevent and detect fraud and corruption and reviewed its effectiveness.	~		made proper arrangements and accepted responsibility for safeguarding the public money and resources in its charge.
3.	We took all reasonable steps to assure ourselves that there are no matters of actual or potential non-compliance with laws, regulations and proper practices that could have a significant financial effect on the ability of this smaller authority to conduct its business or on its finances.	~		has only done what it has the legal power to do and has complied with proper practices in doing so.
4.	We provided proper opportunity during the year for the exercise of electors' rights in accordance with the requirements of the Accounts and Audit Regulations.	V		during the year gave all persons interested the opportunity to inspect and ask questions about this authority's accounts.
5.	We carried out an assessment of the risks facing this smaller authority and took appropriate steps to manage those risks, including the introduction of internal controls and/or external insurance cover where required.	~		considered the financial and other risks it faces and has dealt with them property.
6.	We maintained throughout the year an adequate and effective system of internal audit of the accounting records and control systems.	V		arranged for a competent person, independent of the financial controls and procedures, to give an objective view on whether internal controls meet the needs of this smaller authority.
7.	We took appropriate action on all matters raised in reports from internal and external audit.	V		responded to matters brought to its attention by internal and external audit.
8.	We considered whether any litigation, liabilities or commitments, events or transactions, occurring either during or after the year-end, have a financial impact on this smaller authority and, where appropriate have included them in the accounting statements.	~		disclosed everything it should have about its business activity during the year including avants taking place after the year-end if relevant.
9.	(For local councils only) Trust funds including charitable. In our capacity as the sole managing trustee we discharged our accountability responsibilities for the fund(s)/assets, including financial reporting and, if required, independent examination or audit.	Yes	NO NA	has met all of its responsibilities where it is a sole managing trustee of a local trust or trusts.

Section 3 - External auditor report and certificate

In respect of:

Enter name of smaller authority here:

1. Respective responsibilities of the body and the auditor

This smaller authority is responsible for ensuring that its financial management is adequate and effective and that it has a sound system of internal control. The smaller authority prepares an annual return in accordance with proper practices which:

- summarises the accounting records for the year ended 31 March 2017; and
- confirms and provides assurance on those matters that are relevant to our duties and responsibilities as external auditors.

Our responsibility is to review the annual return in accordance with guidance issued by the National Audit Office (NAO) on behalf of the Comptroller and Auditor General (see note below). Our work does not constitute an audit carried out in accordance with International Standards on Auditing (UK & Ireland) and does not provide the same level of assurance that such an audit would do.

2. 2016/17 External auditor report

(Except for the matters reported below)* on the basis of our review of the annual return, in our opinion the information in the annual return is in accordance with proper practices and no other matters have come to our attention giving cause for concern that relevant legislative and regulatory requirements have not been met. (*delete as appropriate).

(continue on a separate sheet if required)

Other matters not affecting our opinion which we draw to the attention of the smaller authority:

(continue on a separate sheet if required)

3. 2016/17 External auditor certificate

We certify/do not certify* that we have completed our review of the annual return, and discharged our responsibilities under the Local Audit and Accountability Act 2014, for the year ended 31 March 2017.

BROADS (2006) INTERNAL DRAWAGE BOARD

This smaller authority's internal audit, acting independently and on the basis of an assessment of risk, carried out a selective assessment of compliance with relevant procedures and controls expected to be in operation during the financial year ended 31 March 2017.

Internal audit has been carried out in accordance with this smaller authority's needs and planned coverage. On the basis of the findings in the areas examined, the internal audit conclusions are summarised in this table. Set out below are the objectives of internal control and alongside are the internal audit conclusions on whether, in all significant respects, the control objectives were being achieved throughout the financial year to a standard adequate to meet the needs of this smaller authority.

Internal control objective		Agreed? Please choose only one of the following		
		Yes	No*	Not covered**
Α.	Appropriate accounting records have been kept properly throughout the year.	1		
Β.	This smaller authority met its financial regulations, payments were supported by invoices, all expenditure was approved and VAT was appropriately accounted for.	~		
C.	This smaller authority assessed the significant risks to achieving its objectives and reviewed the adequacy of arrangements to manage these.	1

Guidance notes on completing the 2016/17 annual return

- You must apply proper practices for preparing this annual return. Proper practices are found in the Practitioners' Guide* which is updated from time to time and contains everything you should need to prepare successfully for your financial year-end and the subsequent work by the auditor. NALC, SLCC and ADA have helplines if you want to talk through any problem you encounter.
- 2. Make sure that your annual return is complete (i.e. no empty highlighted boxes), and is properly signed and dated. Avoid making amendments to the completed return. Any amendments must be approved by the smaller authority, properly initialled and explanation provided. Annual returns containing unexplained or unapproved amendments may be returned and incur additional costs.
- 3. Smaller authorities must approve Section 1 on page 2 before approving Section 2 on page 3.
- 4. Use the checklist provided below. Use a second pair of eyes, perhaps a Councillor or Board Member, to review the annual return for completeness and accuracy before sending it to the external auditor.
- Do not send the external auditor any information not specifically asked for. Doing so is not helpful. However, you must tell the external auditor about any change of Clerk, Responsible Finance Officer or Chair.
- 6. Make sure that the copy of the bank reconciliation which you send to your external auditor with the annual return covers all your bank accounts. If your smaller authority holds any short-term investments, note their value on the bank reconciliation. The external auditor must be able to agree your bank reconciliation to Box 8 on the accounting statements (Section 2 on page 3). You must provide an explanation for any difference between Box 7 and Box 8. More help on bank reconciliation is available in the Practitioners' Guide*.
- 7. Explain fully significant variances in the accounting statements on page 3. Do not just send in a copy of your detailed accounting records instead of this explanation. The external auditor wants to know that you understand the reasons for all variances. Include a complete numerical and narrative analysis to support your explanation. There are a number of examples provided in the Practitioners' Guide* to assist you.
- If the external auditor has to review unsolicited information, or receives an incomplete bank reconciliation, or you do not fully explain variances, this may incur additional costs for which the auditor will make a charge.
- You must inform the external auditor of the date set for the commencement of the period for the exercise of public rights.
- Make sure that your accounting statements add up and the balance carried forward from the previous year (Box 7 of 2016) equals the balance brought forward in the current year (Box 1 of 2017).

INTERNAL AUDIT REPORT 2016/17

April 2017

Contents:

- 1. Executive Summary

- 4. Detailed Observations, Recommendations and Agreed Actions
- APP 1 Agreed Terms of Reference

1. Executive Summary

The audit of the Water Management Alliance and the constituent Internal Drainage Boards was carried out by Kathy Woodward for the year 2016-17. This Executive Summary sets out our overall conclusion on the system reviewed, and summarises the key recommendations arising. A copy of the Terms of Reference for this audit is attached as **Appendix 1**.

Regulation 5 of the Accounts and Audit Regulations 2015 requires that 'A relevant authority must undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance'. The completion of this internal audit fulfils that role.

It should be noted that any system of internal control is designed to manage risk to a reasonable level, and therefore Internal Audit cannot provide absolute assurance against loss. As well as being effective, controls need to be proportionate to the risk involved and not overburden the organisation with excessive costs.

The Water Management Alliance provides administration and management services to the five constituent Internal Drainage Boards, namely Broads, King's Lynn, East Suffolk, Norfolk Rivers and South Holland. During the financial year 2016-17 the Alliance entered into a contract to provide administration and management services to the Pevensey and Cuckmere Water Level Management Board for a period of two years.

New guidance was issued on 30th March 2017 by the Joint Practitioners' Advisory Group (JPAG), 'Governance and Accountability for Smaller Authorities in England – A Practitioners Guide to Proper Practices to be applied in the preparation of statutory annual accounts and governance statements, March 2017'. Although the new guide does not become mandatory until the 2017/18 financial reports are prepared, the Water Management Alliance has decided on early adoption on a voluntary basis. With this in mind the auditor has considered the effect the new guidance would have on the required internal audit and has concluded that essentially the work remains the same. Therefore the audit has been undertaken in line with previous years, based on the 2007 guidance. Audit work has included review of the procedures and systems of control in place at the Water Management Alliance and considered if they were effective and being applied as intended. Sample testing was carried out on elements as considered necessary by the auditor in order to substantiate the application of the control.

As part of the audit a follow-up was carried out on the recommendations raised in last year's report. Most of the recommendations made have been implemented. There is one recommendation still outstanding in relation to segregation of duties in timesheet authorisation, but this is only a best practice recommendation with no significant risks arising as a consequence.

2. Overall Conclusion

In conclusion, the procedures used at the Water Management Alliance are simple but effective, and appear to be carried out diligently by all staff concerned. Controls are

Final @ 29/04/16

working as expected. However, there are some aspects that can be improved and details of recommendations can be found in Section 4 together with the actions agreed with the Chief Executive.

The overall level of assurance attributed to the system is:

Substantial Assurance	A sound system of internal control, but there are a few
	weaknesses that could put achievement of system objectives at
	risk.

The observations and recommendations are detailed in Section 4. Each recommendation is allocated a priority as defined below:

High	Major risk requiring action by the time the final report is issued.
Medium	Medium risk requiring action within six months of the issue of the draft report.
Low	Matters of limited risk. Action should be taken as resources permit.

account became overdrawn during the year, but was rectified the following day with no charges being incurred.		The unreconciled report will be used more consistently.
There were a number of occasions where the dates on the cashbook reconciliation did not tie back to the bank statements being reconciled. The information contained within the report was correct.		Filing will be improved.
The use of the unreconciled reports on the cash book seems to have dropped off throughout the course of the year resulting in a large amount of manual reconciliation taking place.		Finance Officer
It was difficult in some cases to identify the information relating to each individual bank reconciliation that is filed within the folder		
Consequence Monthly reconciliations are carried out correctly but this is not always evidenced.		
The method of carrying out the bank reconciliation is thorough but the supporting reports from Sage are not always printed. The unreconciled reports are not used effectively.		
 Recommendation Agree to use the unreconciled report function of sage to minimise the amount of manual reconciliation needed in the process to improve the audit trail of the reconciliation. Agree to use file separation in the folders to identify each individual bank reconciliation.

2. Timesheet Authorisation		
Observation		
Files containing the timesheets were requested and checked for evidence of timesheets and authorisation.	Low	Agreed.
		The method of authorising
Results were summarised in a spreadsheet. All timesheets had been signed by the Operations Managers for each Board and by the Finance Officer for WMA.		these timesheets will be reviewed.
The Broads Operations Manager is authorising his own timesheets due to the remoteness of the working area. The Operations Manager is now managing 3 sites, Broads, Norfolk Rivers and East Suffolk. For this reason at the end of each month an invoice is raised to recharge supervisory time for the other IDB's. While the Broads Operations Manager is salaried, the timesheets are used to evidence the recharges to other boards.		Chief Executive/Catchment Engineer.
Consequence		
There is no segregation of duties. This is not best practice, however there is a some mitigating control as all payroll is countersigned by the Chief Executive when is has been entered into Sage and the report produced.		
Recommendation		
To be discussed to establish if the new offices at Martham create on opportunity for a monthly meet up of the Catchment Engineer and the Operations Manager to sign / countersign timesheets when required.

 Duplicate invoices could be processed as there is no system control in place to prevent this happening. Each transaction cannot be identified individually by its reference (transaction) number causing confusion. 		
 Recommendation 1) Financial Regulations need to be followed at all times, by all members of staff. An enhancement has been made to the financial regulations for adoption immediately. 		
2) Finance Officer to speak to finance system advisors about 'unique' reference numbers and if this can be incorporated into the system upgrade.		

WATER MANAGEMENT ALLIANCE

INTERNAL AUDIT TERMS OF REFERENCE 2016-17

1. INTRODUCTION

1.1 This document sets out the strategy and plan for the audit of the Water Management Alliance for the year 2016-17.

1.2 Section 6 of The Accounts and Audit Regulations 2015 states that '*The* relevant body must conduct a review at least once in a year of the effectiveness of its system of internal control'.

1.3 Internal Audit is defined as 'an independent, objective assurance and consulting activity designed to add value and improve an organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes.'

Public Sector Internal Audit Standards, April 2017

1.4 The Internal Auditor will work in accordance with the Public Sector Internal Audit Standards (PSIAS) adopted by CIPFA from April 2017 and thus will be able to provide the review required by the Regulations.

1.5 The authority of the Internal Auditor is established in the Financial Regulations.

1.6 The audit work will concentrate on records and systems used by the Water Management Alliance, who provide the financial and administrative functions for:

- Broads (2006) IDB
- East Suffolk IDB
- King's Lynn IDB
- Norfolk Rivers IDB
- South Holland IDB.
- Pevensey and Cuckmere Water Level Management Board

As such, this work will enable the auditor to complete the Annual Returns for all six Boards.

2. OBJECTIVES AND SCOPE OF THE AUDIT

2.1 The work of the Internal Auditor will be guided by 'Governance and Accountability for Smaller Authorities in England – A Practitioners Guide (Rev March 2017)'.

2.2 In order to be able to complete section 4 of the Electronic Annual Return for 2017 the auditor will consider the following:

A. The Accounting Records

To ensure that the accounting system is accurate, complete and timely, and that data input is being verified appropriately.

- B. Financial Regulations and Standing Orders To ensure that they are current and are being adhered to.
- C. Risk Management processes To ensure that management review the Risk Register on a regular basis and that risk is being identified and actively managed in a proportionate manner.

D. Budgetary Controls

To ensure that the budgets are prepared on a realistic basis and are monitored throughout the year and any variations are investigated, with corrective action being taken if necessary.

E. Income Controls

To ensure that processes are in place and functioning correctly to collect, record and bank income in full and on time.

F. Petty Cash Procedures

To ensure petty cash provisions are reasonable, used in accordance with Financial Regulations and adequate records are kept of payments made.

G. Payroll Controls

To ensure that remuneration to employees and Board Members is calculated correctly and in accordance with the levels agreed by the Board, and that all HMRC requirements are complied with.

H. Asset Management

To ensure that there are satisfactory processes in place to maintain the register and check for accuracy.

I. Bank Reconciliation

To ensure that periodic and year-end bank account reconciliations were properly completed and verified.

J. Year-end Procedures

To ensure that the appropriate accounting basis have been used to prepare the year-end accounting statements and that figures contained in the statements can be verified by reference to working papers and accounting records.

2.3 Any recommendations and issues arising from the previous audit will also be followed up to establish if they have been implemented or if there is a satisfactory explanation for non-implementation.

2.4 Contained within the scope of work described above it is implied that the auditor will have due regard for Value for Money considerations and the potential for fraud.

3. TASKS

- 3.1.1 The project tasks are to:
 - Establish if the procedures recorded as part of the audit for 2015-16 remain the same and document any changes that may have taken place.
 - Perform tests to establish that systems are operating in accordance with the procedures and that good practice is being complied with.

- Assess strengths and weaknesses of the systems operated and the levels of financial and management risk.
- Discuss the results with the Chief Executive and make recommendations as appropriate, which will be communicated to the Boards by means of a report.
- Complete Section 4 of the Electronic Annual Return for 2016-17.

4. WORK PLAN

- 4.1 The audit will be undertaken by Miss Kathy Woodward, CPFA Shared Internal Audit Manager, Borough Council of King's Lynn and West Norfolk.
- 4.2 The audit has been allocated 5 days, which will be utilised as follows:

Task	Time
Confirm existing procedures and record any changes. Undertake a follow-up of actions agreed from the audit report for the year 2015-16.	0.5
Testing – to establish that processes are being applied as intended.	3.5

Investment returns

The return on the Fund in market value terms for the period to 31 March 2017 is estimated based on actual Fund returns as provided by the Administering Authority and index returns where necessary. Details are given below:

Actual Returns from 1 April 2016 to 31 December 2016	12.5%
Total Returns from 1 April 2016 to 31 March 2017	17.1%

The major categories of plan assets as a percentage of total plan assets

We have used the most recent asset split provided to us and allowed for index returns, where required, on each asset category to determine the estimated split of assets as at 31 March 2017.

Period Ended	31 Mar 2017	31 Mar 2016
Equities	62%	58%
Bonds	25%	27%
Property	10%	13%
Cash	3%	2%

I estimate the bid value of the Fund's assets as at 31 March 2017 to be £3,439,000,000 based on information provided by the Administering Authority and allowing for index returns where necessary.

Unfunded benefits

A summary of the membership data in respect of unfunded benefits is shown below.

The annual unfunded pensions include the 2017 pension increase.

Bulk transfers

I have not been asked to value any bulk transfers of membership this period.

Financial assumptions

My recommended financial assumptions, as described in the accompanying report, are summarised below:

Period Ended	31 Mar 2017	31 Mar 2016
	% p.a.	% p.a.
Pension Increase Rate	2.4%	2.2%
Salary Increase Rate	2.7%	3.2%
Discount Rate	2.7%	3.6%

Mortality

As discussed in the accompanying report, life expectancy is based on the Fund's VitaCurves with improvements in line with the CMI 2013 model assuming the current rate of improvement has reached a peak and will converge to a long term rate of 1.25% p.a.. The average future life expectancies at age 65 are summarised below:

	Males	Females
Current Pensioners	22.1 years	24.4 years
Future Pensioners*	24.1 years	26.4 years

* Figures assume members aged 45 as at the last formal valuation date.

Historic mortality

Life expectancies for the prior period end are based on the Fund's VitaCurves. The allowance for future improvements are shown below:

Section 4 - Projected defined benefit cost for the period to 31 March 2018

Analysis of projected amount to be charged to operating profit for the period to 31 March 2018

Period Ended 31 March 2018	Assets	Obligations	s Net (liability)/asset	
	£(000)	£(000)	£(000)	% of pay

Total Included in Profit and Loss	14	104	(90)	(41.8%)

* The current service cost includes an allowance for administration expenses of 0.5% of payroll. The monetary value is based on a projected payroll of £215,000.

The contributions paid by the Employer are set by the Fund Actuary at each triennial actuarial valuation (the most recent being as at 31 March 2016), or at any other time as instructed to do so by the Administering Authority. The contributions payable over the period to 31 March 2020 are set out in the Rate and Adjustments certificate. For further details on the approach adopted to set contribution rates for the Employer, please refer to the 2016 actuarial valuation report.

I estimate the Employer's contributions for the period to 31 March 2018 will be approximately £46,000.

Notes:

The above figures should be treated as estimates and may need to be adjusted to take account of:

- any material events, such as curtailments, settlements or the discontinuance of the Employer's participation in the Fund;
- any changes to accounting practices;
- any changes to the Scheme benefit or member contribution rates; and/or
- any full funding valuation that may have been carried out on the Employer's behalf.

The monetary amount of the projected service cost for the period to 31 March 2018 may be adjusted to take account of actual pensionable payroll for the period.

Section 5 - Sensitivity Analysis

Sensitivity analysis

FRS102 does not require disclosure of the sensitivity of the results to the methods and assumptions used. However, it is recommended best practice that this information is included and we have therefore shown these in the report.

The sensitivities regarding the principal assumptions used to measure the scheme liabilities are set out below:

Change in assumptions at 31 March 2017:	Approximate % increase to Defined Benefit Obligation	Approximate monetary amount (£000)
0.5% decrease in Real Discount Rate	15%	101
0.5% increase in the Salary Increase Rate	2%	12
0.5% increase in the Pension Increase Rate	13%	88

Notes:

In order to quantify the impact of a change in the financial assumptions used, we have calculated and compared the value of the scheme liabilities as at 31 March 2017 on varying bases. The approach taken is consistent with that adopted to derive the FRS102 figures provided in this report.

The principal demographic assumption is the longevity assumption (i.e. member life expectancy). For sensitivity purposes, we estimate that a one year increase in life expectancy would approximately increase the Employer's Defined Benefit Obligation by around 3-5%. In practice the actual cost of a one year increase in life expectancy will depend on the structure of the revised assumption (i.e. if improvements to survival rates predominantly apply at younger or older ages).

Please note the above figures have been derived based on the membership profile of the Employer as at the date of the most recent actuarial valuation.

For further details on the method and assumptions used please refer to the accompanying report 'Actuarial Valuation as at 31 March 2017 for Accounting Purposes'.

The approach taken in preparing the sensitivity analysis shown is consistent with that adopted in the previous year.

- 1. Include all other Income, such as absorption account surpluses (for example plant and labour absorption accounts).
- 2. State the gross cost of undertaking minor capital works that have not been capitalised and the annual depreciation charges of all major schemes that have been capitalised. You should also include a fair proportion of the support costs directly associated with delivery of the schemes.
- 3. State the total precept demanded for the year as properly issued by the Environment Agency, in accordance with section 141 of the Water Resources Act 1991. Providing that the precept has been properly issued as before stated it should always be included here, even when the Board has appealed against the amount of contribution, in accordance with section 140 of the Water Resources Act 1991. Where the Board knows with certainty the outcome of any such appeal, it should also include the appropriate accrual/prepayment.
- 4. State all costs associated with the maintenance of watercourses, meaning work associated with open channels, pipelines, culverts, bridges, etc. Plant, vehicle and labour charges should include a fair proportion of the overheads such as depot/workshop costs, employment on-costs, insurances and depreciation, etc. You should also include a fair proportion of the support costs directly associated with delivery of the maintenance programme.
- 5. State all costs associated with maintaining and operating the pumping stations, sluices and water level control structures. Plant, vehicle and labour charges should include a fair proportion of the overheads such as depot/workshop costs, employment on-costs, insurances and depreciation, etc. You should also include a fair proportion of the support costs directly associated with maintaining and operating the pumping stations, sluices and water level control structures.

Include the cost of non-technical staff only, office accommodation, annual depreciation of office equipment that has been capitalised, minor office equipment that has not been capitalised, postages, telecoms', stationery, printing, advertising, auditing of accounts, general insurances and all other costs associated with supporting the organisation. Please note that this does not include support costs, which are directly associated with the delivery of front line services.
- 7. State all costs associated with undertaking work for third parties. Plant, vehicle and labour charges should include a fair proportion of the overheads such as depot/workshop costs, employment on-costs, insurances and depreciation, etc. You should also include a fair proportion of the support costs directly associated with undertaking the rechargeable work.
- 8. Include the cost of servicing any borrowing, in terms of bank/loan/hire purchase Interest payable.
- State all costs associated with undertaking works capital or maintenance specifically for helping to achieve favourable condition on Sites of Special Scientific Interest (SSSIs). In most cases, these costs will be incurred in implementing actions set out in SSSI Water Level Management Plans or SSSI River Restoration Plans.
- 10. State all costs associated with undertaking works capital or maintenance that are intended to help conserve biodiversity (other than works on SSSIs). These costs are likely to be incurred in implementing actions set out in an IDB's Biodiversity Action Plan, but may include other activities.
- 11. Include all other expenditure, such as a provision for bad/doubtful debts, write-offs, and absorption account deficits (for example plant and labour absorption accounts).
