

# STATEMENT OF ACCOUNTS FOR THE YEAR ENDING 31 MARCH 2023

Pierpoint House 28 Horsleys Fields Kings Lynn Norfolk PE30 5DD

# NOTE ACCOUNTING POLICIES

# 1 FINANCIAL REPORTING STANDARDS, REGULATION AND GUIDANCE

- (i) The Board has not elected to prepare a full Statement of Accounts required by larger public bodies (Category 1 Authorities), as provided for in the Local Audit and Accountability Act 2014.
- (ii) The Board has completed this Statement of Accounts in accordance with the provisions of FRS102 Section 1A Small Entities issued by the Accounting Standards Board (other than in respect of the note required for the defined benefit pension scheme) and has prepared an Annual Return which all Category 2 Authorities are required to do, in accordance with Regulation 11 of the Accounts and Audit Regulations 2015 based on these Accounts. The Board is a Category 2 Authority.
- (iii) The Annual Return has been prepared in accordance with proper practices that are set out in Sections 1 to 5 of the Guidance published by the Association of Drainage Authorities in March 2023. This Statement of Accounts therefore includes the Accounting Statement reported in Section 2 of the Annual Return, which has been reconciled to the Income and Expenditure Account and Balance Sheet stated herein.

## 2 ACCOUNTING CONCEPTS

These accounts have been prepared in accordance with the following accounting concepts:

Going Concern Prudence Accruals

## 3 FIXED ASSETS

- (i) Fixed Assets are recognised as expenditure on the acquisition, creation or enhancement of fixed assets. Most assets with estimated useful economic lives in excess of one year and a value of £5,000 or above are capitalised on an accruals basis in the Accounts.
- (ii) All Fixed Assets are valued on the following basis:

Land and buildings are included in the balance sheet at lower of net current replacement cost and net realisable value, net of accumulated depreciation. Net current replacement cost is assessed as:

Non-specialised operational properties - existing use value

Specialised operational properties - depreciated replacement cost

Vehicles, plant and equipment are included at cost less depreciation

For the purposes of Box 9 in Section 2 of the audited Annual Return, Fixed Assets are valued at Net Book Value.

- (iii) Disposals are written off at cost less depreciation. Any surplus/deficit arising is charged/credited to Exceptional Items in the Income and Expenditure Account.
- (iv) Depreciation has been provided for using the straight line method.
- (v) The useful lives of the various assets held on the Fixed Assets Register are as follows:

# NOTE ACCOUNTING POLICIES

Motor Vehicles and Equipment: 3-5 years Excavators and Tractors: 5-7 years Specialist Plant and Equipment: <= 10 years Land: not depreciated Buildings: 20 years

# 4 STOCKS AND WORK IN PROGRESS

Stocks and work in progress are valued at the lower of cost or net realisable value.

# 5 GOVERNMENT GRANTS AND SUBSIDIES

Government grants and contributions have been credited to the Income and Expenditure Account on an accruals basis.

# 6 PENSIONS

- (i) The Board is a member of the Local Government Pension Scheme (LGPS), administered by Norfolk County Council. This is a funded defined benefit career average salary pension scheme, meaning that the Board and its employees pay contributions into a fund, calculated at a level intended to balance the pensions liabilities with investment assets. The Board has paid a contribution of 24% on employees pensionable pay into the pension fund during 2022/23.
- (ii) The expected cost of providing pensions, as calculated periodically by professionally qualified actuaries, is charged to the Income and Expenditure Account in order to spread the cost over the service lives of employees in the scheme. Further costs arise in respect of certain pensions paid to retired employees on an unfunded basis.
- (iii) The Board's pension liability has been calculated by the fund actuary as set out in the accompanying report entitled: 'Actuarial Valuation as at 31 March 2023 for FRS17 Purposes'.
- (iv) The Board also has a share of the pension liability attributed to the Water Management Alliance that has been calculated by the fund actuary as at 31 March 2023

# 7 TAXATION

Drainage Boards are exempt from Income, Corporation and Capital Gains Taxes. Value Added Tax is included in the Income and Expenditure Account only to the extent that it is irrecoverable.

# 8 EXCEPTIONAL ITEMS, EXTRAORDINARY ITEMS AND PRIOR YEAR ADJUSTMENTS

- (i) There are no material exceptional or extraordinary items to disclose in the Accounts.
- (ii) Profits or losses on the disposal of fixed assets are shown separately on the face of the Income and Expenditure Account prior to the Operating Net Surplus/(Deficit).

## 9 INCOME RECOGNITION

Income is recognised at the time of invoicing. In the case of Drainage Rates this is on the 1st April annually.

# NOTE ACCOUNTING POLICIES

## 10 FINANCE LEASES

The Board has not taken on any Finance Leases during the accounting period.

# 11 RESERVES

The Board holds the Reserves as itemised below. The adequacy of these Reserves is reviewed by the Board annually. The purpose of the Reserves can be noted in the Board's Capital Financing and Reserves Policy:

https://www.wlma.org.uk/uploads/WMA\_Capital\_Financing\_and\_Reserves\_Policy\_September\_2022.pdf

This policy is reviewed by the Board every 5 years.

- (i) General Reserve
- (ii) **Development Reserve**
- (iii) Plant Renewals Reserve
- (iv) Capital Works Reserve
- (v) Revaluation Reserve
- (vi) Pension Reserve

- 2 The EA Highland Water Claim for 2022/23 is due to be paid by the Environment Agency (EA) to the Board in September, following the changes made to the timetable in 2015 (previously the payment was made in two installments one in May and one in December).
- 3 Rechargeable work includes professional supervision and contracting services for various Risk Management Authorities.
- 4 Net Deficit/(Surplus) on Operating Accounts is made up as follows:

Net Dench (Sulpius) on Operating Accounts is made up as follows.		
	Y-T-D	Y-T-D
	BUDGET	2022/23
Labour Operations Account	0	-8,253
Mobile Plant Operations Account	0	-6,774
	0	-15,027

Detailed operating surpluses/(deficits) for the Labour Operations Account and each item of mobile plant are shown in the Labour and Mobile Plant Operations Reports, which can be made available to members on request.

5	Other income is made up as follows:	Y-T-D BUDGET	Y-T-D 2022/23
	Shared Income from WMA	336,637	284,326
	Insurance Claims	0	0
	Sundry Income	0	0
	Summons Costs	0	450
		336,637	284,776

- 6 The gross cost of each capital scheme is approved by the Board annually and detailed on the schedule of capital works as managed by the Project Development Manager, which can be made available to members on request. The Grants Due/(Unapplied) also correspond with the figures shown on the Balance Sheet. The Executive Committee scrutinise this Report every year.
- 7 The EA Precept due for 2022/23 is payable to the EA on 31 May and the other half is payable to them on 30 November. The Board has no idea where or how this money is spent.
- 8 Detailed maintenance operations are approved by the Board annually and shown on the Operations map, together with the schedule of maintenance works for each catchment, which can be made available to members on request. Expenditure is analysed as follows:

	Y-T-D BUDGET	Y-T-D 2022/23
Labour Charges	30,055	30,054
Plant Charges	21,734	21,733

From: 01 April 2022 To: 31 March 2023

9(ii).

#### Note Notes to the Accounts

Period To: 12 Year Ended: 31 March 2023

9(i) Administration charges reflect the Board's share of consortium expenditure (excluding technical support costs). Detailed expenditure is monitored by the Consortium Management Committee and the Board every three months:

	Y-T-D	Y-T-D
	BUDGET	2022/23
Administration Staff Costs	129,762	133,797
Other Administration Costs	52,380	65,536
Development Expenditure	0	0
Drainage Rates AV Increases/(Decreases)	500	-108

Sundry Debtors written off	0	0
Sundry Expenses	0	36
Settlement Discount	501	483
	184,142	200,743

Other Administration Costs are higher than anticipated because we were advised Pierpoint House would not attract business rates due to being in the enterprise zone, it appears the boundary may been changed and the zone now ends at our fence. Cleaning costs have also increased significantly with the retirement of the current cleaner. Electricity costs were higher than expected due to the increases seen last year. We hope these will now reduce with the installation of the solar panels, and the reduction we are seeing currently in cost per KwH.

- 19(i) The Board provides its employees with access to the Local Government Pension Scheme but does not need to Account for this as a defined benefit pension scheme to comply with the limited assurance audit regime. However the Board has chosen to do so because it does have a pension liability/(asset), which has been calculated by the LGPS Fund Actuary as at 31 March 2023.
- 19(ii) The Board is a member of the Water Management Alliance Consortium and as such also has a proportion of the pension liability for the shared staff that are employed by King's Lynn IDB, t/a the Water Management Alliance. The Fund Actuary for Norfolk County Council has prepared a separate Report for the Water Management Alliance, which identifies a notional net pension liability of £121,000 as at 31 March 2023 that is shared by all 6 Member Boards. The Board's share of this pension liability is set out every year in the WMAs Basis of Apportionment, which was approved by the Board on 27th January 2022.
- 20 The Reserves are managed in accordance with the Capital Financing and Reserves Policy, as approved by the Board on 28 January 2021. This policy is available for viewing on the Board's website.
- 21 The purpose of the Development Reserve is to reduce the impact on drainage rates and special levies from development that takes place in the area. The Board charges developers a standard rate per impermeable hectare for agricultural land which is developed and becomes a hard standing area, such as housing, roadways etc. The money is credited to this Reserve and then used to reduce the gross cost of capital work needed to cater for the additional flows arising from such development. The income for this Reserve therefore comes exclusively from developers and is used to fund in part improvement works that are necessary because of development.
- The purpose of the Plant Reserve is to reduce the impact on drainage rates and special levies as and when equipment is bought and sold, in accordance with the plant renewals programme. Depreciation is its primary source of income, which largely comes from drainage rates/special levies in the form of plant charges included within the maintenance budget, together with any profits on disposal. Changes in hourly charge out rates are determined by the Operations Manager and the Chief Executive. Expenditure is determined by the Board, following recommendations made by the Chief Executive and Operations Manager.
- 23 This Revaluation Reserve has arisen from the revaluation of the Board's share of Kettlewell House on 31 March 2009 (approx. 10%).

#### **Related Party Transactions**

- 24 Mr J F Carrick is the Chairman of the Norfolk Rivers IDB. He has been paid £3,500 Chairman's Allowance for the period of 01.11.21-31.10.22.
- 25 The Board uses Rating Software for the collection of Drainage Rates known as DRS. The software was developed by Mr P J Camamile, the Chief Executive, and is supported by Byzantine Ltd. Mr P J Camamile is the Company Secretary of Byzantine Ltd, and his wife, Mrs P Camamile is a Director. Both are shareholders.

#### Recommended Actions:

1. To approve the Financial Report for the period ending 31-3-2023.

Tel: 01553 819600 E-mail: <u>phil@wlma.org.uk</u> To be completed by Local Councils, Internal Drainage Boards and other Smaller Authorities\*:

- where the higher of gross income or gross expenditure exceeded £25,000 but did not exceed £6.5 million; or
- where the higher of gross income or gross expenditure was £25,000 or less but that:
  - are unable to certify themselves as exempt (fee payable); or
  - have requested a limited assurance review (fee payable)

# Guidance notes on completing Form 3 of the Annual Governance and Accountability Return 2022/23

- 1. Every smaller authority in England that either received gross income or incurred gross expenditure exceeding £25,000 **must** complete Form 3 of the Annual Governance and Accountability Return at the end of each financial year in accordance with *Proper Practices*.
- 2. The Annual Governance and Accountability Return is made up of three parts, pages 3 to 6:
  - The Annual Internal Audit Report must be completed by the authority's internal auditor.
  - Sections 1 and 2 must be completed and approved by the authority.
  - Section 3 is completed by the external auditor and will be returned to the authority.
- 3. The authority **must** approve Section 1, Annual Governance Statement, before approving Section 2, Accounting Statements, and both **must** be approved and published on the authority website/webpage **before 1 July 2023.**
- 4. An authority with either gross income or gross expenditure exceeding £25,000 or an authority with neither income nor expenditure exceeding £25,000, but which is unable to certify itself as exempt, or is requesting a limited assurance review, **must** return to the external auditor by email or post (not both) **no later than 30 June 2023.** Reminder letters will incur a charge of £40 +VAT:
  - the Annual Governance and Accountability Return Sections 1 and 2, together with
  - a bank reconciliation as at 31 March 2023
  - an explanation of any significant year on year variances in the accounting statements
  - notification of the commencement date of the period for the exercise of public rights
  - Annual Internal Audit Report 2022/23

Unless requested, do not send any additional documents to your external auditor. Your external auditor will ask for any additional documents needed.

Once the external auditor has completed the limited assurance review and is able to give an opinion, the Annual Governance and Accountability **Section1**, **Section 2** and **Section 3** – **External Auditor Report** and **Certificate** will be returned to the authority by email or post.

# **Publication Requirements**

Under the Accounts and Audit Regulations 2015, authorities must publish the following information on the authority website/webpage:

Before 1 July 2023 authorities must publish:

- Notice of the period for the exercise of public rights and a declaration that the accounting statements are as yet unaudited;
- Section 1 Annual Governance Statement 2022/23, approved and signed, page 4
- Section 2 Accounting Statements 2022/23, approved and signed, page 5

Not later than 30 September 2023 authorities must publish:

- Notice of conclusion of audit
- Section 3 External Auditor Report and Certificate
- Sections 1 and 2 of AGAR including any amendments as a result of the limited assurance review.

It is recommended as best practice, to avoid any potential confusion by local electors and interested parties, that you also publish the Annual Internal Audit Report, page 3.

The Annual Governance and Accountability Return constitutes the annual return referred to in the Accounts and Audit Regulations 2015. Throughout, the words 'external auditor' have the same meaning as the words 'local auditor' in the Accounts and Audit Regulations 2015.

\*for a complete list of bodies that may be smaller authorities refer to schedule 2 to the Local Audit and Accountability Act 2014.

Annual Governance and Accountability Return 2022/23 Form 3 Local Councils, Internal Drainage Boards and other Smaller Authorities\*

# Guidance notes on completing Form 3 of the Annual Governance and Accountability Return (AGAR) 2022/23

- The authority **must** comply with *Proper Practices* in completing Sections 1 and 2 of this AGAR. *Proper Practices* are found in the *Practitioners' Guide*\* which is updated from time to time and contains everything needed to prepare successfully for the financial year-end and the subsequent work by the external auditor.
- Make sure that the AGAR is complete (no highlighted boxes left empty) and is properly signed and dated. Any amendments must be approved by the authority and properly initialled.
- The authority **should** receive and note the Annual Internal Audit Report before approving the Annual Governance Statement and the accounts.
- Use the checklist provided below to review the AGAR for completeness before returning it to the external auditor by email or post (not both) no later than 30 June 2023.
- The Annual Governance Statement (Section 1) must be approved on the same day or before the Accounting Statements (Section 2) and evidenced by the agenda or minute references.
- The Responsible Financial Officer (RFO) must certify the accounts (Section 2) before they are presented to the authority for approval. The authority must in this order; consider, approve and sign the accounts.
- The RFO is required to commence the public rights period as soon as practical after the date of the AGAR approval.
- You must inform your external auditor about any change of Clerk, Responsible Financial Officer or Chairman, and provide relevant authority owned generic email addresses and telephone numbers.
- Make sure that the copy of the bank reconciliation to be sent to your external auditor with the AGAR covers
  all the bank accounts. If the authority holds any short-term investments, note their value on the bank
  reconciliation. The external auditor must be able to agree the bank reconciliation to Box 8 on the accounting
  statements (Section 2, page 5). An explanation must be provided of any difference between Box 7 and
  Box 8. More help on bank reconciliation is available in the *Practitioners' Guide\**.
- Explain fully significant variances in the accounting statements on **page 5**. Do not just send a copy of the detailed accounting records instead of this explanation. The external auditor wants to know that you understand the reasons for all variances. Include complete numerical and narrative analysis to support the full variance.
- If the bank reconciliation is incomplete or variances not fully explained then additional costs may be incurred.
- Make sure that the accounting statements add up and that the balance carried forward from the previous year (Box 7 of 2022) equals the balance brought forward in the current year (Box 1 of 2023).
- The Responsible Financial Officer (RFO), on behalf of the authority, **must** set the commencement date for the exercise of public rights of 30 consecutive working days which **must** include the first ten working days of July.
- The authority **must** publish on the authority website/webpage the information required by Regulation 15 (2), Accounts and Audit Regulations 2015, including the period for the exercise of public rights and the name and address of the external auditor **before 1 July 2023**.

# Annual Internal Audit Report 2022/23

# NORFOLK RIVERS IDB

## https://www.wlma.org.uk/norfolk-idb/home/

During the financial year ended 31 March 2023, this authority's internal auditor acting independently and on the basis of an assessment of risk, carried out a selective assessment of compliance with the relevant procedures and controls in operation and obtained appropriate evidence from the authority.

The internal audit for 2022/23 has been carried out in accordance with this authority's needs and planned coverage. On the basis of the findings in the areas examined, the internal audit conclusions are summarised in this table. Set out below are the objectives of internal control and alongside are the internal audit conclusions on whether, in all significant respects, the control objectives were being achieved throughout the financial year to a standard adequate to meet the needs of this authority.

Internal control objective	Yes	No*	Not covered**
A. Appropriate accounting records have been properly kept throughout the financial year.	1		
B. This authority complied with its financial regulations, payments were supported by invoices, all expenditure was approved and VAT was appropriately accounted for.	1		
C. This authority assessed the significant risks to achieving its objectives and reviewed the adequacy of arrangements to manage these.	1		
D. The precept or rates requirement resulted from an adequate budgetary process; progress against the budget was regularly monitored; and reserves were appropriate.	1

# Section 3 – External Auditor's Report and Certificate 2022/23

In respect of

Norfolk Rivers Internal Drainage Board – DB0061

# 1 Respective responsibilities of the auditor and the authority

Our responsibility as auditors to complete a limited assurance review is set out by the National Audit Office (NAO). A limited assurance review is not a full statutory audit, it does not constitute an audit carried out in accordance with International Standards on Auditing (UK & Ireland) and hence it does not provide the same level of assurance that such an audit would. The UK Government has determined that a lower level of assurance than that provided by a full statutory audit is appropriate for those local public bodies with the lowest levels of spending.

Under a limited assurance review, the auditor is responsible for reviewing Sections 1 and 2 of the Annual Governance and Accountability Return in accordance with NAO Auditor Guidance Note 02 (AGN 02) as issued by the NAO on behalf of the Comptroller and Auditor General. AGN 02 is available from the NAO website - https://www.nao.org.uk/code-auditpractice/guidance-and-information-for-auditors/

This authority is responsible for ensuring that its financial management is adequate and effective and that it has a sound system of internal control. The authority prepares an Annual Governance and Accountability Return in accordance with Proper Practices which:

summarises the accounting records for the year ended 31 March 2023; and

confirms and provides assurance on those matters that are relevant to our duties and responsibilities as external auditors.

# 2 External auditor's limited assurance opinion 2022/23

On the basis of our review of Sections 1 and 2 of the Annual Governance and Accountability Return (AGAR), in our opinion the information in Sections 1 and 2 of the AGAR is in accordance with Proper Practices and no other matters have come to our attention giving cause for concern that relevant legislation and regulatory requirements have not been met.

Other matters not affecting our opinion which we draw to the attention of the authority:

None.

# 3 External auditor certificate 2022/23

We certify that we have completed our review of Sections 1 and 2 of the Annual Governance and Accountability Return, and discharged our responsibilities under the Local Audit and Accountability Act 2014, for the year ended 31 March 2023.

Ref	Risk Area	Finding	Suggested Action	Management Comments
1	Delivery	WMA is looking to achieve a balanced budget for each Board. However, due to high inflation, which has particularly impacted on electricity supplies, many other drainage	and appropriate level of general reserves to provide financial protection from unforeseen events that would require a significant amount of resource to manage. It is acknowledged that the WMA are seeking balanced budgets for all Boards in the next	All WMA Member Boards have agreed to present a balanced budget within 4 years but are unlikely to also be able to rebuild their reserves during the same time frame without increasing rates and levies further, by at least 30% year on year. The Boards are therefore unlikely to agree to increase their reserves from drainage rates and special levies at this moment in time. There is also a significant risk that contributing Councils and Farming Businesses feel unable to sustain their support for higher rate/levy increases that they have previously agreed to do during the next 4 years, which means that significant cuts will need to be made in the services provided and maintenance work undertaken to halt the decline of reserves still further. We will therefore need to consider making cuts to the maintenance programme if the Boards decide not to sustain the increases in drainage rates and special levies that are required to balance the budget over the next 4 years. Clearly, this is far from ideal.

ADVISORY NOTE

Operational Effectiveness Matters need to be considered as part of management review of procedures.

The Water Management Alliance (WMA) consists of the following six Internal Drainage Boards: Broads IDB; East Suffolk IDB; King's Lynn IDB; Norfolk Rivers IDB; South Holland IDB; and Waveney, Lower Yare and Lothingland IDB. In addition, the WMA also provide services to the Pevensey and Cuckmere Water Level Management Board (WLMB).

The audit undertaken in 2021/22 identified the following recommendations:

**Recommendation 1**: Ensure all payment runs have been appropriately authorised. Internal Audit advice would be that this could be done by the Finance and Rating Manager or the Chief Executive, so long as appropriate segregation of duties is in place. This was accepted and is undertaken by ether the Chief Executive or the Finance and Rating Manager.

**Recommendation** 2: - Ensure all reconciliations are undertaken up to the end of the previous day, to ensure each complete day is recorded in one reconciliation and corresponds to the bank statements. This is achieved by all reconciliations being undertaken to ensure each complete day is included in one recommendation.

**Recommendation** 3: *Review current practices to see where efficiencies can be made in reducing reliance upon paper audit trails and explore the finance system capabilities for more efficient and robust electronic authorisations.* This is being progressed and working alongside the Bedford Group of IDB as they use electronic purchase ordering and paperless invoicing. This would be looked into for April 2024 once the team is fully resourced.

The following Policies and procedures were reviewed:

- Financial Regulations Approved November 2022 with a three yearly review;
- Business Plan (Policy Statement) Approved November 2022 with a five yearly review;
- Consortium Management Committee Terms of Reference;
- Capital Financing and Reserves Policy Approved September 2022 with a five yearly review.

These policies were all in order and up to date.

The following Board agendas and minutes were reviewed:

- Broads IDB 24<sup>th</sup> January 2022 (approved rate increase of 5.6% for 2022/23); 16<sup>th</sup> May 2022; 18<sup>th</sup> July 2022; 1<sup>st</sup> November 2022.
- East Suffolk IDB 13<sup>th</sup> January 2022 (approved rate increase of 5.6% for 2022/23); 13<sup>th</sup> June 2022; 31<sup>st</sup> October 2022.
- King's Lynn IDB 21<sup>st</sup> January 2022 (approved rate increase of 5.6% for 2022/23); 13<sup>th</sup> May 2022; 15<sup>th</sup> July 2022; 11<sup>th</sup> November 2022.
- Norfolk Rivers IDB 27<sup>th</sup> January 2022 (approved rate increase of 5.6% for 2022/23); 19<sup>th</sup> May 2022; 21<sup>st</sup> July 2022; 3<sup>rd</sup> November 2022.
- Pevensey and Cuckmere WLMB 15<sup>th</sup> February 2022 (approved rate increase of 5% in the Agricultural Drainage Rates and Special Levies for 2022/23 for the Pevensey Levels Sub District and a rate freeze for the Cuckmere River Sub District); 9<sup>th</sup> June 2022; 6<sup>th</sup> October 2022.
- South Holland IDB 8th February 2022 (approved rate increase of 5.6% (5.73% South Holland DC and 5.55% Boston BC) for 2022/23); 10th May 2022; 19th July 2022; 8th November 2022.
- Waveney Lower Yare & Lothingland IDB 1<sup>st</sup> February 2022 (only 29% of Members present); 14<sup>th</sup> June 2022 (only 32% of Members present).

The agendas and minutes were comprehensive and demonstrated good governance was taking place. It is however noted that for Waveney Lower Yare & Lothingland IDB there was a low attendance of Members which could impact on the Board providing appropriate oversight and governance of the services being provided.

The Risk Management Policy was last reviewed in September 2021 and has a five-year review period. The Policy applies to all seven Boards and has been adopted by them.

The risk register is presented to each and every Board meeting for all the Boards (except the Waveney, Lower Yare and Lothingland Board which currently is done annually) to enable all the strategic risks to be considered and approved. The risk register and the resulting minutes are all included in the certified minutes which appear on the Boards website.

Each Board reviews its objectives and sets new objectives for the following financial year at their rate setting meetings in January/February. This is confirmed in each Board's minutes and these are available on the Water Management Alliance (WMA) website. The one exception to this is the Waveney, Lower Yare and Lothingland Board, as they have only recently joined the WMA. This Board will be aligned with the other WMA Member Boards next year (2023/24).

The Water Management Alliance (WMA) use Sage 200 accounting software for their accounting records which supports the financial transactions of the Boards. The trial balance for all seven Boards were reviewed and were in balance. In addition, the Income and Expenditure accounts and balance sheets were reviewed for all seven Boards and found to be in order.

The accounting records for the seven Boards were all in order, up-to-date and in balance.

## **Other Findings** The accounts payable system is part of Sage 200 and is working well. 0 A Purchase Order system is in place and a PO is issued for the purchase of goods. A number of examples were examined and found to be in order. 0 A number of paid invoices were selected across the seven Boards and reviewed in detail. These showed good accounting practices with adequate controls in place. . 0 The penny rate is set by each Board at their January/February meeting each year. Rate demands are then sent out towards the end of March each year. Reminders are sent out towards the end of 0 June with a final reminder sent towards the end of October. If still unpaid then a court summons is progressed during November/December for amounts exceeding £20. Accounts Receivable is an integral part of Sage 200 and is working well. 0 The debtors systems were reviewed and at the time of the audit (March 2023) aged debtors reports for the seven Boards were generated which were reviewed and found to be in order with no 0 debt older than 90 days. A number of write offs had taken place during 2022. These were examined and were in order and authorised by the Chief Executive. The Alliance hold a £200 petty cash float which is held in a locked cupboard in Pierpoint House. Access by key only by approved members of the finance and rating team. Member Boards do not 0 have a petty cash float. It is an imprest system and is topped up periodically. Petty cash for December 2022 to March 2023 was examined and found to be in order, in balance and had been reconciled and approved by the Finance and Rating Manager. 0 The payroll for the month of March 2023 was examined and found to be in order. 0 The PAYE and NI payments had been made as required and by the due date for the month of February 2023 for the Boards 0 The Pension payments had been made to the respective pension providers, as required, and by the due date for the month of February 2023 for the Boards. 0 The asset registers for the Boards were reviewed and found to be in order and up to date. 0 Accounting Statements are undertaken and these reconcile to the cash book 0 Data feeding into the Accounting Statements was confirmed to be correct 0

0	Management accounts, including budget data, are reported regularly to Members and to each Board. The Board papers for the seven Boards for 2022 were reviewed and it was confirmed that
$\bigcirc$	appropriate financial and budget data was presented to every Board meeting.

The Boards have a Capital Financing and Reserves Policy which was approved in September 2022. General Reserves should be not less than 20% of net expenditure with a £200,000 minimum and to be reviewed annually.

The Boards maintain a 5-year forecast which enables future increases in both the penny rate and precept to be calculated and for such bodies as the precepting authorities to be consulted well in advance of any increases being made.

The WMA accept payment by all methods which includes cash, card (phone or online) BACS, cheque, postal order and also collect by direct debit on/around 5th May for those that have signed up to this payment method. The recording and banking of income was working well.

The bank reconciliations for the period to 22<sup>nd</sup> March 2023 were reviewed and all Boards bank accounts were reconciled to the cash book.

The Boards are operating within their approved budgets for the 2022/23 financial year.

Good practice is adopted by all the Boards to enable them to respond to business interruption events should they arise and to enhance the economic, effective and efficient delivery of their services.

## **EXPLANATORY INFORMATION**

#### Scope and Limitations of the Review

 The definition of the type of review, the limitations and the responsibilities of management in regard to this review are set out in the Annual Plan. As set out in the Audit Charter, substantive testing is only carried out where this has been agreed with management and unless explicitly shown in the scope no such work has been performed.

#### Disclaimer

2. The matters raised in this report are only those that came to the attention of the auditor during the course of the review, and are not necessarily a comprehensive statement of all the weaknesses that exist or all the improvements that might be made. This report has been prepared solely for management's use and must not be recited or referred to in whole or in part to third parties without our prior written consent. No responsibility to any third party is accepted as the report has not been prepared, and is not intended, for any other purpose. TIAA neither owes nor accepts any duty of care to any other party who may receive this report and specifically disclaims any liability for loss, damage or expense of whatsoever nature, which is caused by their reliance on our report.

#### **Effectiveness of arrangements**

3. The definitions of the effectiveness of arrangements are set out below. These are based solely upon the audit work performed, assume business as usual, and do not necessarily cover management override or exceptional circumstances.

In place	The control arrangements in place mitigate the risk from arising.
Partially in place	The control arrangements in place only partially mitigate the risk from arising.
Not in place	The control arrangements in place do not effectively mitigate the risk from arising.

#### Assurance Assessment

#### 4. The definitions of the assurance assessments are:

Substantial Assurance	There is a robust system of internal controls operating effectively to ensure that risks are managed and process objectives achieved.
Reasonable Assurance	The system of internal controls is generally adequate and operating effectively but some improvements are required to ensure that risks are managed and process objectives achieved.
Limited Assurance	The system of internal controls is generally inadequate or not operating effectively and significant improvements are required to ensure that risks are managed and process objectives achieved.
No Assurance	There is a fundamental breakdown or absence of core internal controls requiring immediate action.

If you have already requested a supplementary paper or slide deck, this will be issued alongside this results schedule. You may also wish to discuss your results with an actuary or arrange a call for your auditor to help answer their queries on your 2023 accounts.

For any questions on your report or to request any additional services or further calculations (e.g. related to asset ceilings), please contact your regular LGPS Fund contact.

#### (d) General Information for auditor and Employer

The results in the Schedule report should be read in conjunction with the accompanying report entitled 'Actuarial Valuation as at 31 March 2023 for Accounting Purposes'. The method, assumptions, reliances and limitations are described in that document. The restrictions set out in the reports on the disclosure to any third party apply equally to this Results Schedule.

If there are any queries on the approach taken to derive the figures in the Results Schedule please first consider the accompanying report as it will often answer these. In pa ticular, see the sections on recent court cases (such as the Lloyds' judgement on GMP, McCloud, Goodwin etc) and other key topics which will detail the approach taken to allow for these issues or otherwise.

The annual unfunded pensions include the 2023 pension increase.

#### Bulk transfers

I have not been asked to value any bulk transfers of membership this period.

## Section 2 - Assumptions

### **Financial assumptions**

The financial assumptions, as described in the accompanying covering report, are summarised below:

Period Ended	31 Mar 2023	31 Mar 2022
	% p.a.	% p.a.
Pension Increase Rate (CPI)	2.95%	3.15%
Salary Increase Rate	3.65%	3.85%
Discount Rate	4.75%	2.75%

As at the date of the most recent valuation, the duration of the Employer's funded obligations is 23 years.

#### Demographic assumptions

Life expectancy is based on the Fund's VitaCurves with improvements in line with the CMI 2021 model, with a 10% weighting of 2021 (and 2020) data, standard smoothing (Sk7), initial adjustment of 0.25% and a long term rate of improvement of 1.5% p.a. for both males and females. Based on these assumptions, the average future life expectancies at age 65 for the Employer are summarised below:

	Males	Females
Current Pensioners	21.6 years	24.3 years
Future Pensioners*	22.5 years	25.9 years

\* Figures assume members aged 45 as at the last formal valuation date.

Life expectancies for the prior period end are based on the Fund's VitaCurves. The allowance for future improvements are shown below:

Current Pensioners	Future Pensioners
CMI 2021 model, with a 0% weighting of 2021 (and 2020) data,	CMI 2021 model, with a 0% weighting of 2021 (and 2020) data,

long term rate of improvement of 1.5% p.a.	long term rate of improvement of 1.5% p.a.

Please note that the mortality assumptions used to value the Obligations in the Employer's Closing Position are different to those used to value the Obligations in the Employer's Opening Position.

A commutation allowance is included for future retirements to elect to take 45% of the maximum additional tax-free cash up to HMRC limits.

All other demographic assumptions are as per the latest funding valuation of the Employer.

Present value of funded obligations		490	(490)
Present value of unfunded obligations**		-	-
Closing position as at 31 March 2023	644	490	154

Please note the Employer's fair value of plan assets is less than 1% of the Fund's total.

I estimate that the present value of funded obligations comprises of approximately £24,000, £466,000 and £0 in respect of employee members, deferred pensioners and pensioners respectively as at 31 March 2023.

\* The current service cost includes an allowance for administration expenses of 0.6% of payroll.

\*\* The unfunded obligations comprise of £0 in respect of LGPS unfunded pensions and £0 in respect of Teachers' unfunded pensions.

<sup>+</sup> The other experience on obligations includes an allowance for the pension increase order applied to the funded obligations at April 2023 being different to the pension increase assumption adopted in the Employer's Schedule of results at the start of the period. Within this other experience item, the funded obligations have increased by £53,000 as a result of the pension increase order being different to the previous assumption.

## Section 4 - Projected defined benefit cost for the period to 31 March 2024

Analysis of projected amount to be charged to operating profit for the period to 31 March 2024

Period Ended 31 March 2024	Assets	Assets Obligations		Net asset / (liability)

Total Included in Profit and Loss	31	29	2	4.4%	

\* The current service cost includes an allowance for administration expenses of 0.6% of payroll. The moneta y value is based on a projected payroll of £37,000.

The contributions paid by the Employer are set by the Fund following an actuarial valuation. For further details on the approach adopted to set contribution rates for the Employer, please refer to the latest formal valuation report and Funding Strategy Statement.

I estimate the Employer's contributions for the period to 31 March 2024 will be approximately £9,000.

Notes:

The above figures should be treated as estimates and may need to be adjusted to take account of:

- any material events, such as curtailments, settlements or the discontinuance of the Employer's participation in the Fund;
- any changes to accounting practices;
- any changes to the Scheme benefit or member contribution rates; and/or
- any full funding valuation that may have been carried out on the Employer's behalf.

The monetary amount of the projected service cost for the period to 31 March 2024 will be adjusted to take account of the actual pensionable payroll for the period.

## Section 5 - Sensitivity Analysis

### Sensitivity analysis

The sensitivities regarding the principal assumptions used to measure the scheme obligations are set out below:

Change in assumptions at 31 March 2023:	Approximate % increase to Defined Benefit Obligation	Approximate monetary amount (£000)
0.1% decrease in Real Discount Rate	2%	12
1 year increase in member life expectancy	4%	20
0.1% increase in the Sala y Increase Rate	0%	-
0.1% increase in the Pension Increase Rate (CPI)	2%	12

The principal demographic assumption is the longevity assumption (i.e. member life expectancy). For sensitivity purposes, we estimate that a one year increase in life expectancy would approximately increase the Employer's Defined Benefit Obligation by around 3-5%. In practice the actual cost of a one year increase in life expectancy will depend on the structure of the revised assumption (i.e. if improvements to survival rates predominantly apply at younger or older ages).

The provided sensitivity figures can be used to estimate the impact of adopting different financial assumptions (e.g. an Employer considering alternative accounting assumptions or to help an Employer complete an ESFA accounts return). For further details on this, please refer to the accompanying accounting covering report.

In order to quantify the impact of a change in the financial assumptions used, we have calculated and compared the value of the scheme obligations at the accounting date on varying bases. The approach taken is consistent with that adopted to derive the accounting figures provided in this report, based on the profile (average member ages, retirement ages etc) of the Employer as at the date of the most recent valuation.

## Section 2 - Assumptions

## Financial assumptions

The financial assumptions, as described in the accompanying covering report, are summarised below:

Period Ended	31 Mar 2023	31 Mar 2022
	% p.a.	% p.a.
Pension Increase Rate (CPI)	2.95%	3.15%
Salary Increase Rate	3.65%	3.85%
Discount Rate	4.75%	2.75%

As at the date of the most recent valuation, the duration of the Employer's funded obligations is 26 years.

## Demographic assumptions

Life expectancy is based on the Fund's VitaCurves with improvements in line with the CMI 2021 model, with a 10% weighting of 2021 (and 2020) data, standard smoothing (Sk7), initial adjustment of 0.25% and a long term rate of improvement of 1.5% p.a. for both males and females. Based on these assumptions, the average future life expectancies at age 65 for the Employer are summarised below:

	Males	Females
Current Pensioners	22.2 years	24.7 years
Future Pensioners*	23.6 years	26.0 years

\* Figures assume members aged 45 as at the last formal valuation date.

Life expectancies for the prior period end are based on the Fund's VitaCurves. The allowance for future improvements are shown below:

Current Pensioners	Future Pensioners

Please note that the mortality assumptions used to value the Obligations in the Employer's Closing Position are different to those used to value the Obligations in the Employer's Opening Position.

A commutation allowance is included for future retirements to elect to take 45% of the maximum additional tax-free cash up to HMRC limits.

All other demographic assumptions are as per the latest funding valuation of the Employer.

Total Included in Profit and Loss	335	716	(381)	(18.2%)

\* The current service cost includes an allowance for administration expenses of 0.6% of payroll. The moneta y value is based on a projected payroll of £2,103,000.

The contributions paid by the Employer are set by the Fund following an actuarial valuation. For further details on the approach adopted to set contribution rates for the Employer, please refer to the latest formal valuation report and Funding Strategy Statement.

I estimate the Employer's contributions for the period to 31 March 2024 will be approximately £494,000.

Notes:

The above figures should be treated as estimates and may need to be adjusted to take account of:

- any material events, such as curtailments, settlements or the discontinuance of the Employer's participation in the Fund;
- any changes to accounting practices;
- any changes to the Scheme benefit or member contribution rates; and/or
- any full funding valuation that may have been carried out on the Employer's behalf.

The monetary amount of the projected service cost for the period to 31 March 2024 will be adjusted to take account of the actual pensionable payroll for the period.

## Section 5 - Sensitivity Analysis

### Sensitivity analysis

The sensitivities regarding the principal assumptions used to measure the scheme obligations are set out below:

Change in assumptions at 31 March 2023:	Approximate % increase to Defined Benefit Obligation	Approximate monetary amount (£000)
0.1% decrease in Real Discount Rate	3%	182
1 year increase in member life expectancy	4%	275
0.1% increase in the Sala y Increase Rate	0%	32
0.1% increase in the Pension Increase Rate (CPI)	2%	152

The principal demographic assumption is the longevity assumption (i.e. member life expectancy). For sensitivity purposes, we estimate that a one year increase in life expectancy would approximately increase the Employer's Defined Benefit Obligation by around 3-5%. In practice the actual cost of a one year increase in life expectancy will depend on the structure of the revised assumption (i.e. if improvements to survival rates predominantly apply at younger or older ages).

The provided sensitivity figures can be used to estimate the impact of adopting different financial assumptions (e.g. an Employer considering alternative accounting assumptions or to help an Employer complete an ESFA accounts return). For further details on this, please refer to the accompanying accounting covering report.

In order to quantify the impact of a change in the financial assumptions used, we have calculated and compared the value of the scheme obligations at the accounting date on varying bases. The approach taken is consistent with that adopted to derive the accounting figures provided in this report, based on the profile (average member ages, retirement ages etc) of the Employer as at the date of the most recent valuation.

## Notes:

- 11. Include all other Income, such as absorption account surpluses (for example plant and labour absorption accounts).
- 12. State the gross cost of undertaking minor capital works that have not been capitalised and the annual depreciation charges of all major schemes that have been capitalised. You should also include a fair proportion of the support costs directly associated with delivery of the schemes.
- 13. State the total precept demanded for the year as properly issued by the Environment Agency, in accordance with section 141 of the Water Resources Act 1991. Providing that the precept has been properly issued as before stated it should always be included here, even when the Board has appealed against the amount of contribution, in accordance with section 140 of the Water Resources Act 1991. Where the Board knows with certainty the outcome of any such appeal, it should also include the appropriate accrual/prepayment.
- 14. State all costs associated with the maintenance of watercourses, meaning work associated with open channels, pipelines, culverts, bridges, etc. Plant, vehicle and labour charges should include a fair proportion of the overheads such as depot/workshop costs, employment on-costs, insurances and depreciation, etc. You should also include a fair proportion of the support costs directly associated with delivery of the maintenance programme.
- 15. State all costs associated with maintaining and operating the pumping stations, sluices and water level control structures. Plant, vehicle and labour charges should include a fair proportion of the overheads such as depot/workshop costs, employment on-costs, insurances and depreciation, etc. You should also include a fair proportion of the support costs directly associated with maintaining and operating the pumping stations, sluices and water level control structures.
- 16. Include the cost of non-technical staff only, office accommodation, annual depreciation of office equipment that has been capitalised, minor office equipment that has not been capitalised, postages, telecoms', stationery, printing, advertising, auditing of accounts, general insurances and all other costs associated with supporting the organisation. Please note that this does not include support costs, which are directly associated with the delivery of front line services.
- 17. State all costs associated with the PSCA
- 18. State all costs associated with undertaking work for third parties. Plant, vehicle and labour charges should include a fair proportion of the overheads such as depot/workshop costs, employment on-costs, insurances and depreciation, etc. You should also include a fair proportion of the support costs directly associated with undertaking the rechargeable work.
- 19. Include the cost of servicing any borrowing, in terms of bank/loan/hire purchase Interest payable.
- 20. State all costs associated with undertaking works capital or maintenance specifically for helping to achieve favourable condition on Sites of Special Scientific Interest (SSSIs). In most cases, these costs will be incurred in implementing actions set out in SSSI Water Level Management Plans or SSSI River Restoration Plans.
- 21. State all costs associated with undertaking works capital or maintenance that are likely intended to help conserve biodiversity (other than works on SSSIs). These costs are likely to be incurred in implementing actions set out in an IDB's Biodiversity Action Plan or other conservation actions on non-designated sites.
- 22. Include all other expenditure, such as a provision for bad/doubtful debts, write-offs, and absorption account deficits (for example plant and labour absorption accounts).

23. For the disposal of assets, state the difference between any proceeds from the sale/disposal of the asset and the cost of the asset less accumulated depreciation.

24. Total balance of developer fund year end.

25. Unspent grant at year end.

## Section B –IDB Reporting

### **Policy Delivery Statement**

Boards are required to produce a publicly available policy statement setting out their plans for delivering the Government's policy aims and objectives. It is recommended that these statements be published on Boards' websites where they have them and reviewed every three years.

## **Section B: NOTES**

### **Guidance and Best Practice**

Has your Board published **all** minutes of meetings on the web site? In answering this question, this should apply to all the main Board meetings held in the year and any appropriate meetings the Board has held with external stakeholders.

#### **Board membership and attendance**

When referring to **elected members** of the Board, this relates to the number of landowners/drainage rate payers that are elected to the Board.

When referring to **appointed members** of the Board, this relates to the number of members appointed by the local authorities to represent the local council taxpayers.

When referring to mean average number of elected and appointed members in attendance at meetings at each board meeting – **this should be expressed as a number of attendees** and not as a percentage attendance.

With regard to elections, under Schedule 1 of the Land Drainage Act 1991, elected members should hold office for three years, at which point a further election is held. When elections are held, they should comply with the requirements under Regulation 28 of the Land Drainage (Election of Drainage Boards) Regulations 1938 – to advertise and notify local stakeholders accordingly.
