## Boards' Accounts: A Summary of Electors' Rights

### The basic position

By law any interested person has the right to inspect a Board's accounts. If you are entitled and registered to vote in local Board elections then you (or your representative) have additional rights to ask the appointed auditor questions about the Board's accounts or object to an item of account contained within them.

### The right to inspect the accounts

When your Board has finalised its accounts for the previous financial year it must advertise that they are available for people to inspect. Having given the Board reasonable notice of your intentions, you then have 30 working days to look through the accounting statements in the Annual Return and any supporting documents. By arrangement, you will be able to inspect and make copies of the accounts and the relevant documents. You may have to pay a copying charge.

### The right to ask the auditor questions about the accounts

You can only ask the appointed auditor questions about the accounts. The auditor does not have to answer questions about the Board's policies, finances, procedures or anything else not related to the accounts. Your questions must be about the accounts for the financial year just ended. The auditor does not have to say whether they think something the Board has done, or an item in its accounts, is lawful or reasonable.

### The right to object to the accounts

If you think that the Board has spent money that it should not have, or that someone has caused a loss to the Board deliberately or by behaving irresponsibly, you can request the auditor to apply to the courts for a declaration that an item of account is contrary to law. You do this by sending a formal 'notice of objection' to the auditor at the address below. The notice must be in writing and copied to the Board. In it, you must tell the auditor why you are objecting and what you want the auditor to do about it. The auditor must reach a decision on your objection. If you are not happy with that decision, you can appeal to the courts.

You may also object if you think that there is something in the accounts that the auditor should discuss with the Board or tell the public about in a 'public interest report'. You must follow the same procedure as outlined in the previous paragraph. The auditor must then decide whether to take any action. The auditor does not have to, but usually will, give reasons for his/her decision and you cannot appeal to the courts. More information is available on the National Audit Office website (see contact details below).

You may not use this 'right to object' to make a personal complaint or claim against your Board. You should take such complaints to your local Citizens' Advice Bureau, local Law Centre or your solicitor. You may also be able to approach the Standards Committee of your local principal authority if you believe that a member of the Board has broken the Code of Conduct for Members.

### What else you can do

Instead of objecting, you can give the auditor information that is relevant to his/her responsibilities. For example, you can simply tell the auditor if you think that something is wrong with the accounts or about waste and inefficiency in the way the Board runs its services. You should make it clear that you are providing information rather than making a formal objection. You do not have to follow any set time limits or procedures. The auditor does not have to give you a detailed report of any subsequent investigation, but will usually tell you the outcome.

### A final word

Boards, and so local taxpayers, must meet the costs of dealing with questions and objections. In deciding whether to take your objection forward, one of a series of factors the auditor must take into account is the cost that will be involved. The auditor will only continue with the objection if it is in the public interest to do so. If you appeal to the courts, you might have to pay for the action yourself.

### Who should you contact?

<p>For more detailed guidance on electors' rights and the special powers of auditors, copies of the publication <b>Council Accounts – a guide to your rights</b> are available by calling the National Audit Office on 020 7798 7000 or downloading from the website <a href="https://www.nao.org.uk/">https://www.nao.org.uk/</a></p>	<p>If you wish to contact your Board's appointed external auditor please write to:</p> <p>Cameron Wadell, Mazars LLP, Aykley Heads, Durham, DH1 5TS</p>

## Annual return for the year ended 31 March 2017

---

Every smaller authority in England with an annual turnover of £6.5 million or less must complete an annual return at the end of each financial year in accordance with proper practices summarising its activities. In this annual return the term 'smaller authority'\* includes a Parish Meeting, a Parish Council, a Town Council and an Internal Drainage Board.

**The annual return on pages 2 to 4 is made up of three sections:**

**Sections 1 and 2** are completed by the smaller authority. **Smaller authorities must approve Section 1 before Section 2.**

**Section 3** is completed by the external auditor.

In addition, the **internal audit report** is completed by the smaller authority's internal audit provider.

**Each smaller authority must approve Section 1 and Section 2 in order and in accordance with the requirements of the Accounts and Audit Regulations 2015.**

### Completing your annual return

Guidance notes, including a completion checklist, are provided on page 6 and at relevant points in the annual return.

Complete all highlighted sections. Do not leave any highlighted box blank. Incomplete or incorrect returns require additional external auditor work and may incur additional costs.

Send the annual return, together with the bank reconciliation as at 31 March 2017, an explanation of any significant year on year variances in the accounting statements, **your notification of the commencement date of the period for the exercise of public rights** and any additional information requested, to your external auditor by the due date.

**Your external auditor will ask for any additional documents needed for their work. Unless requested, do not send any original financial records to the external auditor.**

Once the external auditor has completed their work, certified annual returns will be returned to the smaller authority for publication and public display of Sections 1, 2 and 3. You must publish and display the annual return, including the external auditor's report, by 30 September 2017.

It should not be necessary for you to contact the external auditor for guidance.

More guidance on completing this annual return is available in the Practitioners' Guide that can be downloaded from [www.nalc.gov.uk](http://www.nalc.gov.uk) or from [www.slcc.co.uk](http://www.slcc.co.uk) or from [www.ada.org.uk](http://www.ada.org.uk)

## Guidance notes on completing the 2016/17 annual return

1. You must apply proper practices for preparing this annual return. Proper practices are found in the Practitioners' Guide\* which is updated from time to time and contains everything you should need to prepare successfully for your financial year-end and the subsequent work by the auditor. NALC, SLCC and ADA have helplines if you want to talk through any problem you encounter.
2. Make sure that your annual return is complete (i.e. no empty highlighted boxes), and is properly signed and dated. Avoid making amendments to the completed return. Any amendments must be approved by the smaller authority, properly initialled and explanation provided. Annual returns containing unexplained or unapproved amendments may be returned and incur additional costs.
3. **Smaller authorities must approve Section 1 on page 2 before approving Section 2 on page 3.**
4. Use the checklist provided below. Use a second pair of eyes, perhaps a Councillor or Board Member, to review the annual return for completeness and accuracy before sending it to the external auditor.
5. Do not send the external auditor any information not specifically asked for. Doing so is not helpful. However, you must tell the external auditor about any change of Clerk, Responsible Finance Officer or Chair.
6. Make sure that the copy of the bank reconciliation which you send to your external auditor with the annual return covers all your bank accounts. If your smaller authority holds any short-term investments, note their value on the bank reconciliation. The external auditor must be able to agree your bank reconciliation to Box 8 on the accounting statements (Section 2 on page 3). You must provide an explanation for any difference between Box 7 and Box 8. More help on bank reconciliation is available in the Practitioners' Guide\*.
7. Explain fully significant variances in the accounting statements on page 3. Do not just send in a copy of your detailed accounting records instead of this explanation. The external auditor wants to know that you understand the reasons for all variances. Include a complete numerical and narrative analysis to support your explanation. There are a number of examples provided in the Practitioners' Guide\* to assist you.
8. If the external auditor has to review unsolicited information, or receives an incomplete bank reconciliation, or you do not fully explain variances, this may incur additional costs for which the auditor will make a charge.
9. **You must inform the external auditor of the date set for the commencement of the period for the exercise of public rights.**
10. Make sure that your accounting statements add up and the balance carried forward from the previous year (Box 7 of 2016) equals the balance brought forward in the current year (Box 1 of 2017).
11. Do not complete Section 3 which is reserved for the external auditor.

Completion checklist – 'No' answers mean you may not have met requirements		Done?
All sections	All highlighted boxes have been completed?	
	All additional information requested, including the dates set for the period for the exercise of public rights, has been provided for the external auditor?	
Section 1	For any statement to which the response is 'no', an explanation is provided?	
Section 2	Smaller authority approval of the accounting statements is confirmed by the signature of the Chair of the approval meeting?	
	An explanation of significant variations from last year to this year is provided?	
	Bank reconciliation as at 31 March 2017 agreed to Box 8?

## 1. Executive Summary

---

The audit of the Water Management Alliance and the constituent Internal Drainage Boards was carried out by Kathy Woodward for the year 2016-17. This Executive Summary sets out our overall conclusion on the system reviewed, and summarises the key recommendations arising. A copy of the Terms of Reference for this audit is attached as **Appendix 1**.

Regulation 5 of the Accounts and Audit Regulations 2015 requires that '*A relevant authority must undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance*'. The completion of this internal audit fulfils that role.

It should be noted that any system of internal control is designed to manage risk to a reasonable level, and therefore Internal Audit cannot provide absolute assurance against loss. As well as being effective, controls need to be proportionate to the risk involved and not overburden the organisation with excessive costs.

The Water Management Alliance provides administration and management services to the five constituent Internal Drainage Boards, namely Broads, King's Lynn, East Suffolk, Norfolk Rivers and South Holland. During the financial year 2016-17 the Alliance entered into a contract to provide administration and management services to the Pevensy and Cuckmere Water Level Management Board for a period of two years.

New guidance was issued on 30<sup>th</sup> March 2017 by the Joint Practitioners' Advisory Group (JPAG), '*Governance and Accountability for Smaller Authorities in England – A Practitioners Guide to Proper Practices to be applied in the preparation of statutory annual accounts and governance statements, March 2017*'. Although the new guide does not become mandatory until the 2017/18 financial reports are prepared, the Water Management Alliance has decided on early adoption on a voluntary basis. With this in mind the auditor has considered the effect the new guidance would have on the required internal audit and has concluded that essentially the work remains the same. Therefore the audit has been undertaken in line with previous years, based on the 2007 guidance. Audit work has included review of the procedures and systems of control in place at the Water Management Alliance and considered if they were effective and being applied as intended. Sample testing was carried out on elements as considered necessary by the auditor in order to substantiate the application of the control.

As part of the audit a follow-up was carried out on the recommendations raised in last year's report. Most of the recommendations made have been implemented. There is one recommendation still outstanding in relation to segregation of duties in timesheet authorisation, but this is only a best practice recommendation with no significant risks arising as a consequence.

## 2. Overall Conclusion

---

In conclusion, the procedures used at the Water Management Alliance are simple but effective, and appear to be carried out diligently by all staff concerned. Controls are

working as expected. However, there are some aspects that can be improved and details of recommendations can be found in Section 4 together with the actions agreed with the Chief Executive.

The overall level of assurance attributed to the system is:

Substantial Assurance	A sound system of internal control, but there are a few weaknesses that could put achievement of system objectives at risk.
-----------------------	---

The observations and recommendations are detailed in Section 4. Each recommendation is allocated a priority as defined below:

High	Major risk requiring action by the time the final report is issued.
Medium	Medium risk requiring action within six months of the issue of the draft report.
Low	Matters of limited risk. Action should be taken as resources permit.

Observations and their effects/ Recommendations	Priority	Agreed Action/ Responsible Officer/ Target Date
<p><b>1. Bank Reconciliation</b></p> <p><b>Observation</b></p> <p>Bank reconciliations are carried out weekly, as per Financial Regulations. Evidence is presented to the Chief Executive each month in the form of a cash flow statement. King’s Lynn IDB bank account became overdrawn during the year, but was rectified the following day with no charges being incurred.</p> <p>There were a number of occasions where the dates on the cashbook reconciliation did not tie back to the bank statements being reconciled. The information contained within the report was correct.</p> <p>The use of the unreconciled reports on the cash book seems to have dropped off throughout the course of the year resulting in a large amount of manual reconciliation taking place.</p> <p>It was difficult in some cases to identify the information relating to each individual bank reconciliation that is filed within the folder</p> <p><b>Consequence</b></p> <p>Monthly reconciliations are carried out correctly but this is not always evidenced.</p> <p>The method of carrying out the bank reconciliation is thorough but the supporting reports from Sage are not always printed. The unreconciled reports are not used effectively.</p> <p><b>Recommendation</b></p> <ol style="list-style-type: none"> <li>1. Agree to use the unreconciled report function of sage to minimise the amount of manual reconciliation needed in the process to improve the audit trail of the reconciliation.</li> <li>2. Agree to use file separation in the folders to identify each individual bank reconciliation.</li> </ol>	Low	<p>Agreed.</p> <p>The unreconciled report will be used more consistently.</p> <p>Filing will be improved.</p> <p>Finance Officer</p>

Observations and their effects/ Recommendations	Priority	Agreed Action/ Responsible Officer/ Target Date
<p><b>2. Timesheet Authorisation</b></p> <p><b>Observation</b></p> <p>Files containing the timesheets were requested and checked for evidence of timesheets and authorisation.</p> <p>Results were summarised in a spreadsheet. All timesheets had been signed by the Operations Managers for each Board and by the Finance Officer for WMA.</p> <p>The Broads Operations Manager is authorising his own timesheets due to the remoteness of the working area. The Operations Manager is now managing 3 sites, Broads, Norfolk Rivers and East Suffolk. For this reason at the end of each month an invoice is raised to recharge supervisory time for the other IDB's. While the Broads Operations Manager is salaried, the timesheets are used to evidence the recharges to other boards.</p> <p><b>Consequence</b></p> <p>There is no segregation of duties. This is not best practice, however there is a some mitigating control as all payroll is countersigned by the Chief Executive when is has been entered into Sage and the report produced.</p> <p><b>Recommendation</b></p> <p>To be discussed to establish if the new offices at Martham create on opportunity for a monthly meet up of the Catchment Engineer and the Operations Manager to sign / countersign timesheets when required.</p>	Low	<p>Agreed.</p> <p>The method of authorising these timesheets will be reviewed.</p> <p>Chief Executive/Catchment Engineer.</p>

Observations and their effects/ Recommendations	Priority	Agreed Action/ Responsible Officer/ Target Date
<p><b>3. Financial Regulations</b></p> <p><b>Observation</b></p> <p>A sample of payments for each Board was selected from the bank statements and traced back to source documents. Purchase orders and invoice payments were for authorisation in accordance with Financial Regulations. Creditor's reports and files containing invoices from all the sites were requested and a sample was checked.</p> <p>Purchase orders and invoice payments are being authorised by the same person. This does not appear to be breach of Financial Regulations. A mitigating control is the review of the Proposed Payments list by the Chief Executive prior to the payment run.</p> <p>There were two Chaps payments made in Dec 2016 on urgent request of the Chief Executive via email.</p> <p>It was later found that the Chief Executive's personal email account had been impersonated by a fraudster and the requests to make a payment where in fact a fraud. This type of fraud is called phishing (sending fraudulent emails) and social engineering (manipulating the victim into performing a task they would not normally do). The total amount lost was £34,438. The Police and the Bank were contacted to try and recover the money – with little success.</p> <p>Weaknesses in the finance system were also observed around the allocation of reference numbers for invoices. There is no 'unique' identifier parameter meaning that many different invoices can be allocated the same reference number and also the second reference where the invoice number received from the supplier would be populated is also not unique.
